

Employee Salutes

“Salute” awards are presented to employees who go the extra mile in their roles within Chesley Brown International. We recognize many actions performed by officers in the normal course of a day go unnoticed. The following were recognized in this month’s Chairman’s Chat:

As the remnants of Hurricane Ike came through the mid west and mid Atlantic states creating strong wind storms that resulted in large scale power outages and property damage. Adam Taylor, Director of Security at The Streets of West Chester, took it upon himself to go to the worksite after being advised of the damages after the storm to assist the one man Maintenance Department in any way that he could so that normal operations could be restored as quickly as possible. The Streets of West Chester is a 168,000 sq. ft. lifestyle center just north of Cincinnati, OH. Director Taylor went above and beyond the call of duty to ensure that operations could return to normal quickly and show that Chesley Brown Officers take pride and ownership in their work and their work sites.
